

## EUROBRAKE

**Product Code : Q00041**

**Product Group: SOLVENT BASED DEGREASERS & TANK CLEANERS**

**Packaging: 25L**

### PRODUCT DESCRIPTION

EUROBREAK is a solvent emulsion cleaner with surfactants for fast effective cleaning. Does not contain chlorinated solvents.

EUROBREAK is safe for all metals, glass, plastic, wood and painted surfaces. Loosens and breaks up deposits, leaves oil and grease free surfaces, has a strong emulsifying action and it is easy to use. EUROBREAK can be used as an all purpose degreaser.

### APPLICATION & DOSAGE

EUROBREAK is ideal for removing mineral oils and greases from machinery parts, diesel engine exteriors, compressors exteriors, tank tops, bulkheads, decks, bunker tanks etc. Also is suitable for engine rooms decks and spot cleaning/degreasing of oil tanks.

EUROBREAK may be used neat or diluted with petroleum or water in varying concentrations depending on the heaviness of the soil by soaking, spraying or combined with scrubbing.

**Soaking:** Parts are immersed in EUROBREAK. Allow deposit to be broken up and loosened before removal. Then rinse off with water.

**Spraying:** Apply EUROBREAK over all soiled areas. Allow time for EUROBREAK to act, between 15-30 minutes, then rinse off by water hose.

**Scrubbing:** Use EUROBREAK neat and agitate by scrubbing where soiling is stubborn. Rinse off with water.

**Butterworth or steam cleaning machines:** Use concentration of 0,1 – 1% at the nozzle.

### BENEFITS

- Reduces the potential of oil discharge
- Allows oil to separate from water
- Reduces slop disposal costs
- Readily disperses in water
- Reduces cleaning time
- Cost effective
- Minimizes manual cleaning
- Easy to apply

**HEALTH SAFETY**

Please refer to the Material Safety Data Sheet and Product Label for specific information.
