

RUST REMOVER

Product Code : Q00023

Product Group: DERUSTING & DESCALING COMPOUNDS

Packaging: 25L

PRODUCT DESCRIPTION

RUST REMOVER is a de-oxidizing liquid detergent containing phosphoric acid and non-ionic surfactants used for rust removal and surface brightener.

PRODUCT USES

RUST REMOVER is used for the removal of light rust from iron and brightening of surfaces, removing of tarnish from brass, copper aluminum, as a protective pre-treatment prior to painting, removal of flush rust from mild steel cargo lines and tanks and finally as a cleaner from rust stains from painted surfaces, glass, porcelain etc.

APPLICATION & DOSAGE

RUST REMOVER can be used in full strength or diluted with water in a ratio of 1:4 to 1:6, depending on the soiled condition of the surface to be cleaned. Can be used by immersion, or spray and then rinse with water. Do not use RUST REMOVER on zinc, tin and galvanized surfaces.

APPROVAL

RUST REMOVER is registered to the National Register of Chemical Products (N.R.C.P.) with ID No. (24047).

BENEFITS

- Leaves surfaces free of rust tarnish.
- Provides protection on ferrous surfaces.
- Forms a protective coating on steel surfaces.
- Biodegradable.
- Non-flammable.
- Safe for painted surfaces.

HEALTH SAFETY

Please refer to the Material Safety Data Sheet and Product Label for specific information.
